

2010-11 K-12 Revenue Limit Web-Based Application

Previous Software

Users: Those who previously purchased our 2009-10 RevLim Release 11.0 package will automatically receive a significant discount on Release 12.0 (see pricing below).

To Order Software:

Please complete the RevLim subscription order form on the reverse side and return it to our office with a check, credit card authorization, or purchase order attached. Orders may also be placed on our website at www.sscal.com by clicking on "Services & Products."

The state continues to experience deficits in funding, which, in turn, result in the reduction of revenue to education. However, the impact on the largest funding source can be devastating if information is not up to date based on the current Budget changes. You need an application that is accessible and updated to reflect changes as they happen. Our online revenue limit application meets this challenge. The software is a web-based application in an online platform to provide ease of access on our website. The application includes Regional Occupational Centers/Programs (ROC/P), Adult Education, Community Day, and hourly programs to reflect changes in the 2009-10 legislation in effect through 2012-13. RevLim Online Release 12.0 allows for calculations of the revenue limit for the 2010-11 fiscal year under the proposed Budget. The application has been preset to match the January 2010 proposed Governor's Budget for the cost-of-living adjustment, deficits, and other necessary factors. The online application includes the ability of the user to model alternative scenarios.

The application provides the flexibility to change the elements as the year progresses from the proposed Budget to a final enacted Budget—and possible midyear cuts.

The application package includes key elements of the proposed Governor's Budget to calculate the 2010-11 revenue limit. We provide online updates through user notification of the changes throughout the fiscal year as they become available. As each certification is completed by the California Department of Education, we will notify you via e-mail of any applicable changes.

The 2010-11 RevLim Online Release 12.0:

- Calculates Form K-12 and other revenue limit forms (changes in the funding for the alternative programs, such as ROC/P, Adult Education, Community Day, and hourly programs) are incorporated
- Features enhanced data input screens
- Allows the saving of multiple data sets for "what if" analysis
- Prints all pages or single pages/forms

Application Prices

We understand that districts are currently facing difficult budget times. Therefore, we have not increased the price of access to the RevLim Online Release 12.0 web-based application, which includes current-year updates and a user's manual for SSC clients.

	Annual Cost	
	<u>Client</u>	<u>Nonclient</u>
