

SCHOOL SERVICES OF CALIFORNIA, INC.

2008-09 K-12 Revenue Limit Software Release 10.0

Previous Software

Users: Those who previously purchased our 2007-08 RevLim Release 9 package will **automatically** receive a significant discount on the Release 10 (see pricing below).

Software Licensing Agreement:

Software purchased by individual school agencies is licensed to that district/county office only, and may not be shared with non-purchasers.

To Order Software:

Please complete the RevLim software order form on the reverse side and return it to our office with a check, credit card authorization, or purchase order attached. Orders may also be placed on our website at www.sscal.com by clicking on "Books and Software."

SSC's RevLim Release 10.0 software for calculating revenue limits in 2008-09 under the Governor's Budget Proposal will be available shortly after the Governor releases his proposal on January 10, 2008. This software will be preset to match the Governor's proposals for COLA and other factors, but allows users to model alternative scenarios.

For one price, the software package includes:

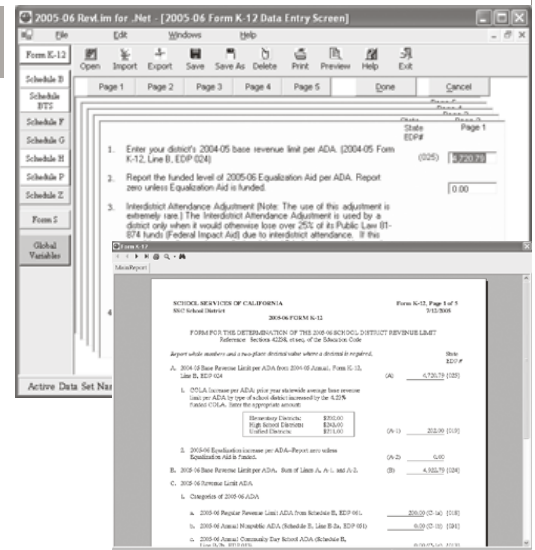

1. The January version to calculate 2008-09 revenue limits based on the Governor's January Budget Proposal.
2. An update issued in July (hopefully!) based on the final 2008-09 State Budget.
3. Another update issued in October, if necessary, to reflect any changes made by the Legislature during the balance of the 2008 legislative session.
4. Plus periodic updates throughout 2008-09 to reflect any changes to deficits or other factors.

As with our earlier RevLim versions, the 2008-09 RevLim Software, Release 10.0:

- Calculates Form K-12 and associated schedules
- Features simple data input screens
- Allows the saving of multiple data sets for "what if" analysis

Software Cost

The cost of the Release 10.0 package of software and user's manual for SSC clients is \$145 for prior-year users (i.e., those who bought the 2007-08 RevLim Release 9) and \$175 for new users. The price for nonclients is \$195 for prior-year users and \$225 for new users. Any county offices of education interested in buying the software for their school districts should call Marilyn MacCrakin at 916.446.7517, Ext. 1230, for pricing information.
