

RevLim Software

Name: _____

District: _____

E-mail: _____

Phone: _____

We would appreciate any thoughts you would like for us to consider in our process of upgrading the RevLim software.

Would you consider the functionality of the software to be sufficient? ___ Yes ___ No

If not, what changes would you suggest or like to see:

Is the external output – i.e. reports – adequate? ___ Yes ___ No

What changes would you like to see regarding available reports?

Would you change the format of the screens or reports? ___ Yes ___ No

If you would change the format, what would those changes be?

I am interested in the beta testing to begin in July 2008.
