Salary And Benefits REport

2019-20 Analysis of Teacher Salaries and Benefits

For many years, School Services of California Inc. (SSC) has had the opportunity to capture and analyze the Form J-90 Teacher Salary and Benefits Schedule from school districts in California. From this large accumulation of data, we are able to compile a comprehensive analysis of the salaries and benefits of certificated nonmanagement employees and how they compare to selected districts, regions, and the entire state.

The SABRE provides up to 38 side-by-side comparisons of your school district with up to 20 other districts per report on certificated salaries, health and welfare benefits, and working days. These comparative districts are entirely user selected and may be geographical, of like type and size, of similar funding levels, or a combination of all of these. The report consists of five valuable types of displays. Each report includes:

- ♦ Ten graphical displays and 27 comparison tables with side-by-side analysis
- ♦ All district teacher salary schedules, health and benefit schedules, and other selected data important for compensation evaluation in an easy-to-read common format

The entire report is an essential resource for school district administrators, especially for those at the negotiating table or in the human resources or fiscal departments.

TYPES OF COMPARISONS INCLUDE:

SALARIES

Each district's salary at the minimum, maximum, average, BA+30 at Step 1, and BA+60 at Step 10 are compared and ranked against the region, statewide averages, comparable district averages, and each of the comparable districts. Each comparative analysis also provides detailed statistics that can help give seniority, step, and educational accomplishment information. Readers, as a consequence, are able to get a comprehensive cross-comparison and analysis of district compensation to that of other selected districts.

BENEFITS

Each district's health, dental, life, vision, and other insurance benefits are displayed and compared. What makes the SABRE analysis unique is that it shows not only the maximum benefits, but also the district average based on actual placements. When the average district contribution cost is added to salary, a true total compensation picture is drawn.

OTHER COMPARISONS

The SABRE also includes comprehensive analyses of how your district compares in per diem amounts, number of instructional and teacher service days, percentage of salary adjustments, and total compensation.

PRICE:

The SABRE costs \$350 for client districts and includes two runs of 20 selected districts in each report emailed in PDF format to your district with a custom cover. If you would like the reports delivered to your district as a hard bound copy, the cost is \$450 for client districts. Clients will also receive a discount of \$50 on the price of our Comparative Analysis of District Income and Expenditures (CADIE) report if it is ordered any time during the year.

TO ORDER:

Complete the order form and mail, fax, or email it to SSC.
