

New Webinar!

Cash Management During the COVID-19 Recession

An Interactive Two-Part Webinar Series

Presented By:

School Services of California Inc. and FCMAT

School
Services
of California
INC.
An Employee-Owned Company

ABOUT THE WEBINAR

Once again, California has made its budget and cash problem your problem! While California's economy is experiencing a recession due in large part to the COVID-19 pandemic and subsequent shut down of businesses, billions of dollars in deferrals layered upon school districts, charter schools, and county offices of education will make it challenging to manage cash flow.

This webinar will provide methods to improve daily ongoing management of cash, forecast cash flow, prepare to borrow cash when needed, and practical examples for improving and implementing cash flow models. This webinar will also provide local educational agencies with the tools they need in another year that is far from normal to evaluate and analyze current cash needs and improve practices to meet those needs. This webinar is being cosponsored by the Fiscal Crisis and Management Assistance Team (FCMAT) and includes a tutorial on the use of FCMAT's Projection-Pro cash flow tool. Please join us in finding ways to better manage cash and to be prepared for the upcoming cash deferrals!

WEBINAR TOPICS:

- Provisions of the State Budget and legislation that impact school district cash flow, along with the schedule for deferrals
- What is cash flow? We will address concepts and standards, the difference between cash and budget, and analyze cash as a portion of reserves
- Strategies for cash analysis—tools and processes that can be used to develop strong cash flow models
- Effective cash management—reviewing and interpreting cash projections for management decision making
- Cash borrowing options and how to prepare for them
- Tips and highlights of how to use FCMAT's Projection-Pro cash flow tool
- Cash is king—what happens when you run out of cash?

WHO SHOULD ATTEND:

District, charter school, and county office administrators, as well as technical staff responsible for budget monitoring and cash flow management.
